special prize
„Soloist violin“

YOUTH CLASSICS SIMA is lending a violin built by renowned violin maker Stefan-Peter Greiner at the SIMA 2024 for the period of 2 years. The instrument is awarded to an outstanding talent of the SIMA 2024.

Stefan-Peter Greiner is one of the world stars of modern violin making. His violins are among the best instruments in the world. Numerous soloists who could play on a Stradivarius, prefer a violin by Greiner instead. Soloists playing Greiner's violins include Christian Tetzlaff, Antje Weithaas, Hanna Weinmeister, Leonidas Kavakos a.o. Above that, Greiner's violins are played by orchestra musicians in many chamber music ensembles and in almost all of the world's top orchestras.
