12. Swiss International Music Academy

Application Letter for room and board cost reduction

Financial support for a reduction on the costs for room & board can only be granted in exceptional cases. By bearing all costs for the course, YOUTH CLASSICS has very limited resources, which can only be given to students who can justify the need of an extra scholarship. A written statement explaining the need of support is therefore required from the student or the parents by the artistic direction. Exceptional need for financial support has to be proved.

The decision on the award of the scholarship will be made in **June 2022**
