**SIMA violin making workshop &
center for sound adjustment with
Stefan-Peter Greiner and Zeljko Haliti**

As "Violin maker in residence at SIMA", internationally acclaimed violin maker **Stefan-Peter Greiner** will be at the SIMA 2024 for the 5th time. After the great success at SIMA 2019 and 2021-2023, it will again be possible for the participants to actively participate in the process of creating a new violin by sawing and carving the wood themselves in Stefan-Peter Greiner's workshop. Greiner is also available to answer questions about sound optimization.

There is a long waiting list of violinists who want to have their instruments adjusted by **Željko Haliti**. This list includes soloists such as Frank-Peter Zimmermann, Maxim Vengerov, Vadim Repin, Julian Rachlin, Guy Braunstein, Daishin Kashimoto or Janine Jansen as well as numerous musicians from orchestras such as the Berlin Philharmonic, the Staatskapelle Berlin and the Munich Philharmonic.

Do you want to get the best sound out of your instrument? Then visit the SIMA's "sound adjustment center".
